## *Global View, Asian Touch*

- *Market & Ecosystem*
- *Science & Technology*
- *Policy & Regulation*
- *Investment & Financing*

## Plenary

### (1) Innovation Forum

- New therapeutic modalities
- Innovative platform & tools
- Precision medicine & health
- AI for Pharma
- Digital health
- Cell therapy & regenerative medicine
- New manufacture technologies
- Satellite Symposia of special topics
- regulatory

### (2) Investment Summit

- Incubation & acceleration
- Early-stage financing
- Cross border investment
- Capital markets & IPO
- Merger & acquisition
- Company Presentations
- Start Up World Cup

### (3) Regional Collaboration Forum

- Unique ecosystem
- Infrastructure
- Value chain
- Incentives
- Regulatory Pathways and regional harmonization
- Clinical Trials

BIO Asia-Taiwan  
July 24-28, 2024

# BIO One-on-One Partnering™ Overview

# Introduction to BIO One-on-One Partnering™

*Are you seeking business development or investment opportunities? Looking for cross-border partnerships?* BIO One-on-One Partnering is the most efficient way to do business in the biopharma industry without traveling all over the world.

The system makes it easy to search for and request meetings with potential partners, biotech investors and senior business development executives. The system regularly facilitates over 70,000 meetings per year.

Use the BIO partnering system to:

- Complete a robust company profile to increase your visibility
- Search through all companies attending based on specific criteria
- Arrange business partnering meetings for BIO Asia-Taiwan
- Organize your company's meeting requests in one central location & collaborate with colleagues

# Hybrid Partnering at BIO Asia-Taiwan 2024

- In-Person and Virtual meetings
- Meetings are scheduled and rescheduled by BIO according to **required meeting participants' mutual availability & attendance type(s)**
- Participant attendance tags for accurate meeting scheduling

Wallace Lin

  In-person & Virtual

Mackensie Verneti

 Virtual

**IMPORTANT:** contact [biopartnering@bio.org](mailto:biopartnering@bio.org) to change your attendance type

# BIO Asia-Taiwan 2024 Partnering Times

- In-person attendees will also be able to arrange meetings virtually July 23-24
- **You must open the time slots you wish to make available for meetings**
- You do not have to take meetings at an undesirable time – refer to the time zones on the left side of your Calendar
- If you're attending onsite, make sure to reference the conference time zone to mark your availability

Day	Type	Start Time (Taipei Time)	End Time (Taipei Time)
Tuesday, July 23	Virtual	24 Hours	
Wednesday, July 24	Virtual	24 Hours	
Thursday, July 25	In-person	10:00 AM	6:00 PM
Friday, July 26	In-person	10:00 AM	6:00 PM
Saturday, July 27	In-person	10:00 AM	6:00 PM

# New for BIO Asia-Taiwan: Exhibitor Booth Partnering

- Deadline: July 5
- Exhibitors this year may opt-in to have their meetings prioritized to be scheduled at their exhibit booth(s)
- Any meetings that cannot fit (due to location or calendar availability) will be scheduled in the general partnering area - or virtually, depending on the attendance types of the meeting participants
- BIO recommends no more than 1 meeting point per 100 sq ft (approx. 9 sq. meters) of your exhibit space
- **Exhibitors are responsible for their meeting point signage**

**IMPORTANT:** contact [biopartnering@bio.org](mailto:biopartnering@bio.org) to receive the Exhibitor Partnering opt-in form if you have not already received it

### NEWS

## WHEN WILL MY MEETINGS BE SCHEDULED?

BIO schedules all accepted meetings for times mutually available among the required meeting participants. Scheduling will begin on July 10 and will continue in rounds on a rolling basis up through the conference to accommodate as many meetings as possible.

Download the partnering mobile app!

[iPhone](#) | [Android](#)

# 5 Key Steps for using the Partnering System

1. **Create/update** your company and personal profile
2. **Select your availability** for partnering meetings on your Calendar
3. **Send meeting requests** – use the Search to narrow down best opportunities
4. **Respond to all incoming meeting requests** in the Message Center
5. BIO will schedule your accepted meetings, but keep a **lookout for meetings that can't be scheduled** due to lack of mutual availability

# What's New?

- *Somewhat new...* Target participants on meeting requests – **great for sending requests to large pharmas & delegations!**
- Export company notes from Search
- Quickly export bookmarks from the Bookmarks page
- We've given the mobile app a facelift
- Filter meeting requests by linked resources in your Message Center
- Backend optimization to improve loading times

BIO Asia-Taiwan  
July 24-28, 2024

# Partnering Strategies

# Partnering Best Practices

## Prepare your profile

**Add** as much information as possible to help other companies find you, so you can get the right requests. Add assets, services, market products when applicable. Select specific TAs and MOAs.

## Start requesting meetings early

**Begin 4+ weeks** before BIO Asia-Taiwan to allow others time to respond. Target the most relevant prospects by using Advanced Search filters.

## Make your subject count

Meeting request subject lines should be **tailored to the target company**.

## Target your meeting request

**Provide specific benefits of partnering with your company.**

## Follow up

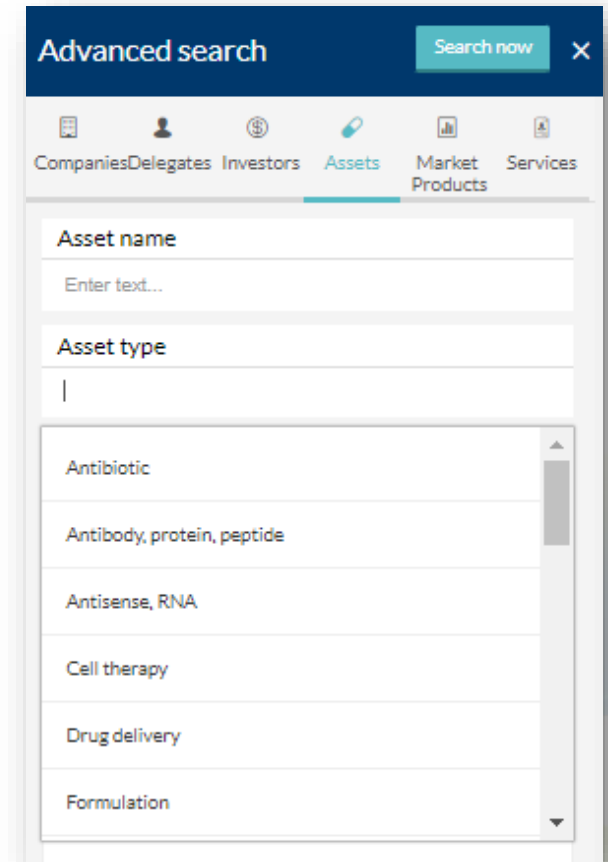

Getting close to the conference but no response? Write a **“reply only” message** to the company. **Respond to all incoming requests.**

The image shows two screenshots illustrating the process of sending a meeting request. The top screenshot is a 'New meeting request' form with fields for 'To' (Company), 'Request subject and message' (Title: Meeting Request, Message), and a 'Send' button. The bottom screenshot is an email composition window with fields for 'From', 'To' (BIO Partnering), 'Cc', 'Bcc', and 'Subject' (Email). A red arrow points from the 'Meeting Request' subject line in the form to the 'Email' subject line in the email window, indicating that the subject line should be tailored to the target company.

**Sending a meeting request with the subject line "meeting request" is no different than sending an email with the subject line "email."**

# Quick Partnering System User Tips

- Complete your company profile using specific, targeted fields like TAs, objectives, descriptions - **The brief description appears in search results page and is a great way to introduce your company and objectives!**
- Use the Advanced Search to target specific therapeutic areas & indications and isolate new companies since your last search
- Review your target's company profile - then send tailored & targeted meeting requests (TAs, portfolio fit, efficacy, safety, market assessment)
- **Respond to all incoming meeting requests – accept or decline** to keep your Message Center up-to-date
- Update your notifications settings to ensure you're receiving the messages you want from us

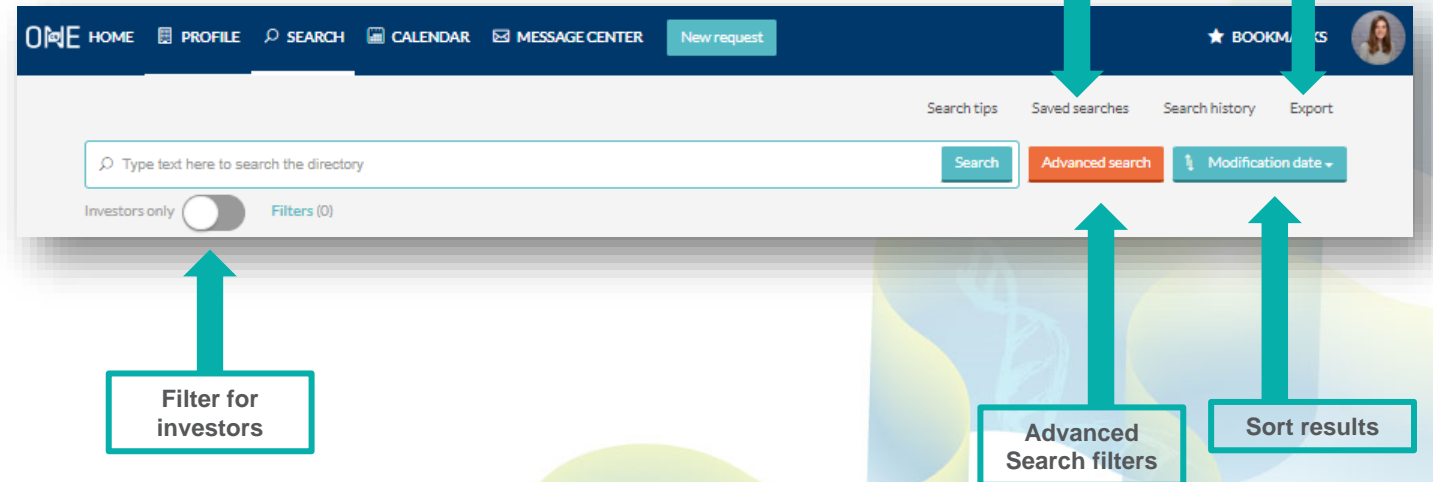

The screenshot shows the 'Advanced search' modal window. At the top, there is a 'Search now' button and a close 'X' icon. Below the header, there is a navigation bar with icons and labels for 'Companies', 'Delegates', 'Investors', 'Assets' (which is highlighted), 'Market Products', and 'Services'. The main search area contains two input fields: 'Asset name' with a placeholder 'Enter text...' and 'Asset type'. Below the 'Asset type' field is a scrollable list of options: 'Antibiotic', 'Antibody, protein, peptide', 'Antisense, RNA', 'Cell therapy', 'Drug delivery', and 'Formulation'.

# Key Advanced Partnering System Features

- Assets, Services, Market Products within the Company Profile
- Automatic Outlook Invitations & notifications management
- "Share My Contact Information" on Meeting Requests
- Search, Calendar and Message Center Exports
- Advanced Search Filters
- Saved searches
- Message Center Filters
- Optional Meeting Participants
