

**Business  
Solutions<sup>®</sup>**

More savings.  
More research.

**Member Exclusive  
Access to Trusted  
Life Science Providers**

[bio.org/save](https://bio.org/save)

# Unlock the BIO Preferred Provider Network

## About:

BIO Business Solutions® is the largest cost-savings program for the life science industry—providing BIO and state life science association members with exclusive, industry-specific pricing on essential business services. From insurance, finance, and travel to lab products, waste management, regulatory services, and more, members gain streamlined access to the resources that help their companies run efficiently and grow.

## How It Works:

BIO pools the purchasing power of thousands of life science companies to negotiate competitive pricing and favorable terms on the supplies and services critical to innovation. Participation is free for BIO and state life science association members, and companies can use one, some, or all available partner programs.

Join BIO or a state life science association — **Membership starts here**

Browse lab, business, and operations solutions — **Explore member-ready services**

Tell us what you need — **BIO connects you to preferred providers**

Start saving and driving growth — **Discounts reinvested into science**

## Member Snapshot:

“Through BIO Business Solutions®, we saved over \$810K on lab products, imaging, and shipping. Those savings went directly back into our research.”

— California-based biotech developing Duchenne muscular dystrophy therapies

## Sign Up and Get Started

Participation is free for BIO and state affiliate members. Getting started is simple:

Email Us: [save@bio.org](mailto:save@bio.org) | Visit: [bio.org/save](https://bio.org/save)

# Why BIO Business Solutions<sup>®</sup>

## Members Get

- **Instant access to a comprehensive suite of services**—from lab supplies and office essentials to compliance, travel, and critical shipping solutions trusted by industry peers.
- **Confidence in expert-led due diligence**—all agreements are reviewed, enhanced, and re-negotiated regularly to secure competitive rates and member-friendly terms.
- **Flexibility to build a program that fits**—whether you're a virtual biotech or a fully operational lab, select the providers that serve your needs today and expand as you grow.

## Annual Savings in Action

**CA biotech**  
(130 employees):

**\$752,970 saved**

across insurance, lab,  
supplies, waste removal  
& recruitment services

**MA research company**  
(25 employees):

**\$300,400 saved**

on lab supplies  
& capital equipment

**MN emerging biotech**  
(10 employees):

**\$101,320 saved**

on business insurance  
& lab equipment

**PA startup**  
(5 employees):

**\$50,860 saved**

on communications  
& research supplies

**NC virtual biotech**  
(2 employees):

**\$18,560 saved**

on lab supplies  
& waste removal

**Your  
Purchasing  
Power  
Multiplied**

**\$700M+**  
total annual  
savings

**\$830M+**  
total annual spend

Outpacing what nearly  
any single company could  
negotiate independently.

## Impact to the Industry:

We negotiate so you can innovate. Every purchase helps strengthen the innovation economy and fuels BIO's advocacy for policies that accelerate research, discovery, and growth. Your participation drives meaningful impact across the life science ecosystem.

# Research & Development Tax Credits: You're innovating but are you leaving money on the table?

## Benefits

- **20% off** ADP R&D tax credit standard published rates as part of your membership
- **A free initial assessment** to estimate the potential federal & state R&D tax credits for which your company may be eligible
- **Refund/credit clause** included in every R&D tax credit engagement
- **R&D study reviewing potential qualified expenses** delivered by a team of experienced tax professionals; and
- **Access to ADP's team of R&D experts** who are trained to help you maximize your credits.

## Is Your Company Performing R&D Activities?

Whether you're developing, modifying, designing, supporting or supervising research activities, here are just a few R&D activities that generally qualify for the federal tax credit.

## Typical Qualifying Activities

- Product
- Manufacturing Process
- Software
- Invention
- Technique
- Formula

The information provided in this document is for informational purposes only and not for the purpose of providing legal, accounting or tax advice.

ADP, the ADP logo and Always Designing for People are registered trademarks of ADP, Inc. All other marks are the property of their respective owners. Copyright (C) 2023 ADP, Inc. All rights reserved.

**ADP will review your organizations activities to determine if they meet the IRS requirements to be eligible for the credit.**

ADP will:

- 1 Review your payroll and qualified expenditures in the U.S.,
- 2 Evaluate additional eligibility options if your business performs activities on a "contract basis" for another party, and
- 3 Confirm that your business is able to claim R&D Tax Credits.

We will determine if your organization is:

- A. Profitable (has tax liability),
- B. Willing to carry forward the credit (expecting to be profitable), or
- C. A new business (has less than 5 years of gross receipts and under \$5M in revenue)
