About BIO

BIO is the world's largest trade association representing biotechnology companies, academic institutions, state biotechnology centers and related organizations across the United States and in more than 30 other nations.

Members: 1,000 USA-based multi-national and domestic drug manufacturers, R&D ventures & other support organizations.

Shapes policy and advocates on behalf of the industry.

Actively promotes networking, partnering and education.

Produces the annual BIO International Convention and a portfolio of global events.
