

Isobutanol: A Platform Molecule

- 🌸 Ready markets, and Primary Building Block
- 🌸 Enabled because we learned how to make inexpensively
- 🌸 Multiple large markets accessible from one product

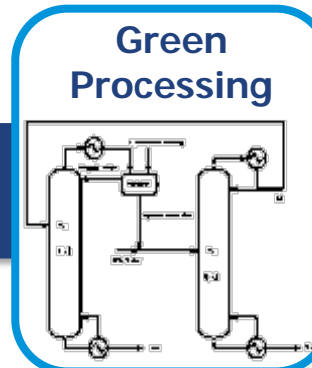

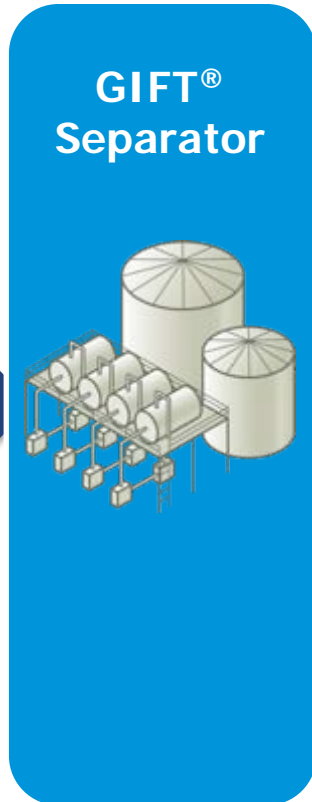

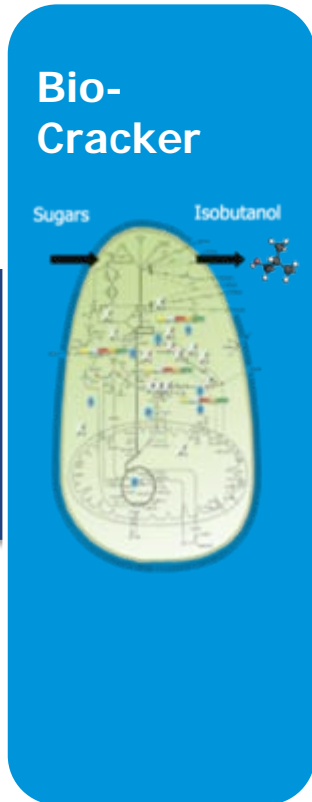

Multiple Feedstocks; Proprietary Technology; Numerous End Markets

Feedstock

Proprietary Technology

Target Markets

Luverne, MN Plant

Starting to Produce Isobutanol

35 Full time employees

220 Contractors at peak

\$40-50 Million

Redfield, SD Plant

Plant 2

Retrofit in 2013

Leveraging Petrochemical & Refinery Assets

Jet Fuel Blendstock

Octane, Gasoline

Diesel Blendstock

Para-xylene (for PET)

Gevo ATJ in USAF Flight

- June 28, 40th flying Gevo's 50% ATJ and 50% JP-8 fuel blend
